Sir,

ENCLOSURES

allotment - 7 Stamps (Contract) - Purchase of an
almiyah for storing stamps - sanction requested.

SPARE COPIES

Hitherto, the District Treasury had to stock a supply of stamps both General and Postage, not less than the probable consumption of six months, i.e., one month's supply made by - the Superintendent of Stamps on monthly indents together with five months' supply contemplated in S.O. No.41 of the Stamp Manual. As the stamps are now to be issued by the Master, Security Printing, Nasik, the Superintendent of Stamps --- desired me to provide accommodation for the storage of stamps of three months' supply as per quarterly indent plus the five months supply required by S.O. No.41. On receipt of this, my Treasury Deputy Collector suggested to the Superintendent of Stamps that it would be cheaper if the stamps were sent - by steamer than by train, that the stamps could be sent by - steamer during the fair season - October to May - and that to suit this arrangement, they might be sent once in six months. This was agreed to by the Master, Security Printing, Nasik -

b2 below
vide copy of letter S3-94-27 dated 5-1-1928 from the Superintendent of Stamps, Madras enclosed. Under the circumstances, the District Treasury will have now to stock a year's supply of stamps against six months as hitherto. Again, as per G.O. No.Mis.1671 Revenue, dated 29-8-1927 communicated - with B.P. R.No.251 Mis., dated 7-9-1927, all the Postage -- stamps have been withdrawn from Sub-Treasuries and stocked

in the District Treasury alone for issue directly to the Post Office.

2. As larger space was required, the Double Lock strong room is being extended, but the receptacles for stocking the stamps are found insufficient. Just now, some of the stamps are stocked in an old cash chest - (wooden) and two almyrahs of the Single Lock. I consider that the purchase of one almyrah of the size of 10'X 7' X would satisfy the present need. A similar almyrah was - got made last year and it cost Es.238/-. I request therefore that an allotment of Es.240/- may be sanctioned under 7 Stamps (Contract) for the current year, as I have neither funds nor allotment to meet this cost.

Your obedient servant,

Budget - 1928-29 - 7 Stamps (Contract) - Mufassal -
Board's C.R. No. 833 Mis.. dated 12th September 1928.

SPARE COPIES _____

The Railway fare by goods train from Nasik Road to Mangalore is Rs.5-6-0 per maund while it comes to about Rs.3/- by train from Nasik Road to Bombay and by steamer from -- Bombay to Mangalore. The anticipated savings will be about 44%. As the rate by steamer is subject to advalorem freight on declared value of stamps which is subject to fluctuation, I would reduce the anticipated savings to 35%.

*These ply from the 3rd week of September to the 3rd week of May.

No consignment has so far been received by steamer and my figures are based on the information furnished by Messrs. Peirce Leslie & Co. and Messrs. Killick Nixon & Co. who are the Agents to British India Steam Navigation and Bombay Steam Navigation Companies, respectively.

The face value of the consignment of stamps received in June last was Rs.9,94,549-8-0 while the selling price was Rs.5,943-11-0.

Collector of South Kanara was requested to report p3
 the anticipated savings in a year by getting
 stamps by steamer. His reply is at p 50.
 He states that the anticipated savings
 would amount to 35%. This he states
 is due to the fact that the rate by steamer
 is subject to ad valorem freight on the
 declared value of the stamps which is
 subject to fluctuation. He also reports
 that no consignment has so far been re-
